Experience

Research Assistant • Department of Economics
September 2019 - Present

- Currently executing two different projects in both microeconomics and macroeconomics:
 - Submitting job applications for entry level positions to analyze whether companies exhibit racial bias with respect to applicant names.
 - Compiling data on HIV antiretroviral medication and the relationships between the market, drug manufacturers, and the consumer behavior.

Student Assistant • Department of Architecture
June 2018 - Present

- Manage and submit reimbursement requests for the Department's faculty and students. Coordinated with the University's Purchasing Department to streamline process of reimbursement.
- Organize information and documents to be uploaded to ERSO Intranet for more efficient reimbursement timeline.

Queer Organizer • Office of ASUC Senator Cordova
September 2017 – May 2018

- Initiated student walking group program for queer students that felt uncomfortable with heightened police presence during the semester.
- Strengthened relationships among fellow queer students, and identified areas of improvement among programming within the campus community.
- Pioneered summer scholarship fund for queer and trans students of color facing food- and housing-insecurity. Raised over \$10,000 alongside other organizers for over 20 student applicants.
